Welcome Message

It is my pleasure to welcome you to the joint conference of the 22nd Egyptian Thalassemia Association (ETA &TIF) and the 18th Egyptian Society of Hematology & Research. The conference focuses on providing a platform for interaction with experts in the field of hematology through life and online discussion with national and international speakers and chair persons. The selection of topics to be enrolled in the scientific sessions aims at providing the up-to-date knowledge in Hemoglobinopathies and Hematological disorders & new therapeutic modalities in addition to COVID-19 updates. Moreover, the conference associated exhibition hosts the premier international companies in drug industry that allows the interested attendees to get acquainted to the available new therapies in the market.

Looking forward to your valuable participation in the conference.
